

One call can bring peace of mind.

Julia does everything she can to keep her kids safe, but the baby gets ear infections, and last fall Carlos sprained his ankle at soccer practice. She used to worry about it. Then she signed up for a State children's health insurance program.

Children's health insurance covers urgent health needs and much more. Her kids get:

- Regular Check-ups
- Dental Care
- Prescription Drugs
- Immunizations

Even if you've been turned down in the past, or don't think you qualify, call or visit us online.
